To Dance -- Or Not To Dance
That Used to Be The Question

D I P L O M A

Know all Square Dancers the story I tell
of GEORGE & MABLE BOURNE we know so well
They came to class with determined vim
Pursued this course -- friends to win
And wonderful things to them befell.

With eagerness they came and danced
While their friends watched with awe entranced
And even -- sadly, I confess
Were filled with envy more or less
'Cause here we'd found a model class.

You know the rest -- tonight in state
These ADVANCED SQUARE DANCERS graduate
A bit puffed up it may be true
--They feel just like me and you --
They'll bring to dancers and callers the same
Their joy in living, their zest in the game.

So through Camp Corral went this square dance class
So through life shall they proudly pass
Pleased with themselves and others as well
Their cheery presence the gloom will dispel.
